Shekhar Bhattacharjee

Date & Venue

8 - 12 July, 2019

at NID, Ahmedabad

Organized by

Industry & Online Programmes (I&OP)

राष्ट्रीय डिज़ाइन संस्थान

NATIONAL INSTITUTE OF DESIGN

Introduction

Many industries, organizations and individuals are dealing with visual design without having formal training or sound understanding of what makes it work. Design for most of them is to make something "look good"; however bad design also exist .

This workshop aims at introducing participants to the Fundamentals of Visual Design and eventually help them to create their own unique designs.

The workshop is highly interactive and emphasis on hands-on activities set in academic environment to enrich the professionals.

Objectives

- To impart inputs on Fundamentals of Visual Design by exposing the participants to the various elements and principals of design.
- To give exposure to various established Principals of visual compositions and colour theories.
- To engage and involve the participants to do hands-on activities and enhance their creativity.
- To make them more mindful of minute design details and how it can change the meaning of the artwork / design.

Course Contents

The following topics (tentative) will be covered during the workshop:

- Understanding Elements of Design
- Introduction to colours and different connotations
- Principals of Design
- Design language and Composition

Methodology

- Lectures
- Hands on exercises
- Interactive sessions
- Presentations and feedback
